Today's our final #FunFactFriday for December. If you like these, let us know in the comments 📌 and we might make this a thing in 2021!

Fun Fact Friday

Satoshi Nakamoto is the pseudonym of the anonymous founder(s) responsible for the creation of Bitcoin.
The white paper outlines a creation of a "peer to peer electronic value transfer" - but today, it's clear that's not the only use case for crypto!

Props to Square for acknowledging BTC's current energy consumption, and investing in clean energy solutions. Let's get to 100% renewables in the future! #climatechangeisnotahoax

Square @Square
We are also launching a Bitcoin Clean Energy Investment Initiative, committing \$10M to support companies that help drive adoption and efficiency of renewables within the bitcoin ecosystem....
